

Developing WinDBG extensions in Visual Studio

Posted by huku - 02 Aug 2010 - 19:07

Hello everyone,

I would like to share with everyone the following link which I found via google.

<http://www.saygoodnight.com/?p=48>

So... if you are trying to code a WinDBG extension in VS, don't forget to add `__declspec(dllexport)` in all function definitions that should be visible to WinDBG :)
